

Environmental Services Department  
Environmental Promotion & Protection Branch

September 15<sup>th</sup>, 2010

Dear Candidate,

York Region would like to invite you to participate in the Region's coroplast election sign recycling program.

Following the municipal election, coroplast (corrugated plastic) election signs will be accepted at York Region's Waste Management Centre on Saturday, October 30<sup>th</sup> from 9:00 a.m. to 2:00 p.m. located at 100 Garfield Wright Blvd., East Gwillimbury.

This project will recycle only coroplast (corrugated plastic) campaign signs. Plastic film election signs will not be accepted as a part of this project. In order to recycle your coroplast signs, we require that all fasteners, wood or metal stakes and wires be removed prior to drop-off. Please do not drop off any other recyclable materials (i.e., fine paper) with your election signs. If any piece of wood or metal remains attached, the load will be contaminated and the signs will be landfilled as a result.

If you are not able to drop off the coroplast signs on the designated day, we will also be accepting signs at the same location the following week, from Monday, November 1<sup>st</sup> to Friday, November 5<sup>th</sup>, by appointment only. Please contact Steven Kydd at [steven.kydd@york.ca](mailto:steven.kydd@york.ca) or at 905-830-4444 extension 5719 to arrange an appointment.

If you have any questions regarding this program please contact Brent Marissen at [brent.marissen@york.ca](mailto:brent.marissen@york.ca) or at 905-830-4444 extension 5004.

Regards,

  
Brent Marissen  
Project Co-ordinator, Solid Waste Management
